## ALLIES INVADE ATHENS STIRRING GREEKS INTO FRENZY; CLASH FEARED

**Thousand Sailors Off Entente  
Ships Occupy Buildings in  
Greek Capital; Are Driven  
Back by Patriots.**

**SENTIMENT FOR KING  
SWEEPS WEE NATION**

**Thousands Parade Streets to  
Music of Battle Hymns,  
Cheering King, and Crying  
for War With Invaders.**

(By Review Leased Wire)  
LONDON, Oct. 17.—A Reuter's dispatch from Athens says:  
"The situation appears to be dangerous. There have been royalist demonstrations in the streets. Admiral Du Fournet, commander of the entente allied fleet in the Mediterranean, was hissed in the streets and a detachment of French sailors was driven back by a hostile crowd."  
"A procession of some 4000 malcontents, headed by the Greek and American flags, stopped outside the American legation, protested against the landing of foreign marines, and demanded the protection of the American minister, who was absent. The demonstrators then paraded the streets, singing the Greek national anthem."

**"To Keep Peace Only"**  
ATHENS, Oct. 16, via London, Oct. 17, (delayed).—The British legation explains that the landing of marines at Athens and Piraeus was merely intended to reinforce the police. It is generally thought, however, that this action was taken to prevent demonstrations like those of this morning (Monday).

**Take Greek Capital**  
ATHENS, Oct. 17.—Marines from the ships of the Entente powers to the number of about a thousand, have been landed at Piraeus and have occupied the railway station at Piraeus and several buildings in Athens. Immediately this became known the streets of Athens swarmed with Greeks frantically cheering King Constantine and chanting the Greek national hymn. Great crowds marched through the streets, thousands gathering in the neighborhood of the post-office square.

**Greeks Circle Invaders**  
The war minister, General Dracos, ordered out Greek troops and marines to guard every approach to the square and in order to prevent any clash between Greek civilians and the French, who occupied that section, establishing a complete cordon about the French and taking all precautions to avoid any incident or accident capable of starting strife.

**Outbreak Expected**  
It is impossible to predict whether trouble could be prevented throughout the night. The Greek government is fully alive to the fact that Greece hangs on the prevention of further measures on the part of the French commander.

Earlier in the day a review by King Constantine of the sailors belonging to the vessels of the Greek navy, which were taken possession of by the allies, was made the occasion for an immense royalist demonstration, crowds parading the streets hauling life-size portraits of the sovereign and wildly cheering for the monarch.

Admiral Damianos, minister of Marine, read an order of the day praising the loyalty of the sailors and commending them on their conduct under most trying circumstances.  
After the ceremony the king assembled the officers about him and addressed them personally, expressing pride that they had scorned offers of money and honors, and had remained faithful to their oath to their country. He gave his word that he would stand by them to the end regardless of what their loyalty might entail.

**BRITON OUTPOINTS LEWIS.**

BOSTON, Oct. 17.—Jack Britton, of Chicago, welterweight champion, successfully defended his title tonight, outpointing Ted (Kid) Lewis, of England in a 12 round bout. Both men set a furious pace. Britton was cautioned several times about hitting low and using his forearm and nearly lost the bout on a foul in the first round.

## Parley On Mexico Is at Standstill

(By Review Leased Wire)  
ATLANTIC CITY, N. J., Oct. 17.—The Mexican-American joint commission set in only one session today, the members admitting at its close that no material progress had been made. The Mexican members reiterated confidence that the campaign being started against Villa would be a success and serve to demonstrate that Mexico's ability to restore and maintain peace along the frontier.

## Sergeant Andrew of Marine Corps Is Best Shot In U. S.

**Scores 99 Out of 100 at 1,000  
Yards at the National Rifle  
Tournament Held at Jack-  
sonville, Florida.**

(By Review Leased Wire)  
JACKSONVILLE, Fla., Oct. 17.—Scoring 99 points out of a possible 100 at 1,000 yards, Sergeant J. J. Andrews, U. S. M. C., today won the Wimbledon Cup, at the National Rifle Tournament on the Florida range. The match gave to Andrews the title of long distance champion rifle shot of the United States. A gold medal and cash were his other prizes. Lieutenant Colonel C. B. Winder, Ohio National Guard, finished second with 98 points, and Sergeant Jos. Jackson, Marine Corps, third with the same score. Colonel Winder scored more consecutive bulls-eyes than did Sergeant Jackson. The match brought out 629 competitors.

## TRIS-STATE BAR ORGANIZES.

EL PASO, Oct. 17.—The tri-state bar association, with members from Arizona, New Mexico, and Texas, formed here today, elected tonight Judge Peyton F. Edwards, of El Paso, president. Other officers chosen were: General vice president, Judge Edward L. Medlar, of Las Cruces; vice president from Arizona, selection left to executive committee, who will be guided by the recommendation of the members from that state; vice president from New Mexico, Judge W. R. Reber, of Las Cruces; vice president from Texas, Judge J. E. Starley, of Pecos.

## VILLA LOCATED IN WESTERN CHIHUAHUA

(By Review Leased Wire)  
CHIHUAHUA CITY, Oct. 17.—The latest reports received at military headquarters says that Villa has moved his personal headquarters to San Isidro, a point on the Mexican North-western Railway about 80 miles west of Chihuahua City and nearly twice that distance south of the main American base at Casas Grandes. The vanguard of the troops of General Santos, composed of 600 men and 300 horses, have arrived here, and the remainder of the command is on its way. They will take part in the coming campaign against Villa. Communication with Cuernavaca is now open. General Trevino is completely recovered from his wound, received during Villa's attack on Chihuahua.

## Army Sends Call to Big Colleges to Train 50,000 Reserve Officers For Use By U. S. In Event of War

(By Review Leased Wire)  
WASHINGTON, Oct. 17.—Official authorization for the training in military science of students in sixteen of country's leading universities and colleges was given by the war department today to executive officers of the institutions at a conference between them and ranking department officials.

**Part of Bigger Army Plan.**  
The purpose of the conference was to establish a systematic method for training reserve officers along lines described by the army reorganization law. It has been estimated that a corps of 50,000 reserve officers will be necessary to establish an adequate military force should the United States become involved in war with a first class world power.

In the absence of Secretary Baker, who issued the invitation to college and university heads, the conference was presided over by Acting Secretary Ingraham and others present included Major General Hugh L. Scott, chief of staff; Major General Leonard Wood, commanding the eastern department; Brigadier General Macomb, president of the war college and mem-

## IDLE MINES OF SONORA ALL TO BE REOPENED

**Enormous Undertaking, Back-  
ed by Governor Huerta and  
General Calles and Ameri-  
can Named Wilkerson Is On**

**MEANS ACTIVITY IN  
DOZENS OF CAMPS**

**Syndicate Reported Aided by  
Many Arizona Mining Men.  
Agrees to Turn Over Prop-  
erties to Owners Any Time.**

(By Review Leased Wire)  
DOUGLAS, Oct. 17.—Adolfo de la Huerta, governor, and General P. Elias Calles, military commander of Sonora, have consented to the operation of all idle mining properties in the state, by an American syndicate, headed by J. Wilkerson, an American who has been making his headquarters in Guaymas for several months, according to a private message received here from Nogales today. Wilkerson is in Arizona making final arrangements for beginning operations, the message said.

**Foreigners Own Many.**  
Many of the idle mines are owned by foreigners. The Sonora officials insisted on a survey of all properties the Wilkerson syndicate proposes to work.

**Terms of Deal.**  
A guarantee that his backers intend to prosecute the venture was given by Wilkerson who is said to have agreed to pay the state a percentage of the gross output of the mines, bear all expenses of reopening them and to surrender possession on demand of the owners.

\*\*\*\*\*  
\* **EPISCOPALIANS REVAMP**  
\* **PRAYER FOR PRESIDENT.**  
\* ST. LOUIS, Oct. 17.—The house of deputies of the general convention of the Protestant Episcopal Church voted to eliminate the special prayer for the president of the United States from the morning and evening prayer service and to substitute for them a prayer for the safety and preservation of the nation. The same prayer will be used in both services.  
\* As it is now in the prayer book, the morning prayer asks for the President the boon "in health and prosperity long to live," and that he finally may "attain everlasting joy and felicity." The new prayer as adopted for both services, while asking that the President "and all others in authority" be given "the wisdom and strength to know and to do thy will," makes no reference to long life, health, prosperity or eternal felicity.

## 2,000,000 Acres of Papago Reservation May be Thrown Open

**Federal Officials at Tucson  
Strike Tentative Agreement  
Which Will Open Up New  
Mining Country.**

(By Review Leased Wire)  
TUCSON, Ariz., Oct. 17.—A tentative agreement between government officials and local citizens was reached last night through which the Papago Indian reservation may be reduced over 2,000,000 acres. The action, if taken, will open up a rich mining section to a development now withheld because of government restrictions, it is declared.

Frank Thackery, who represented the Indians at the hearing, declined to make public the report of an investigator for the department of the interior, but it is understood here the report favors the reduction. The reservation, which comprises 3,125,000 acres, is the home of 5,500 Indians.

## U. S. S. Arizona Is Put In Commission At N. Y. Navy Yard

**Is One of Uncle Sam's Two  
Greatest Fighters — Carries  
Over 900 Men With Capt.  
McDonald Commanding.**

NEW YORK, Oct. 17.—The super-dreadnaught Arizona, one of the two most powerful ships in the United States navy, was put in commission at the navy yard here under command of Captain Jno. B. McDonald. The vessel is manned by 67 marines and 900 sailors, said to be considerably short of her full complement. The men were assembled from various ships.

The Arizona, a sister ship to the Pennsylvania, was constructed at the New York navy yard. She has a displacement of 32,567 tons, is 608 feet long and designed for a cruising speed of 21 knots. She has twelve 14-inch guns and a secondary battery of twenty 5-inch guns and also carries two anti-aircraft guns.

## CORPORATION COMMISSION LOSES SUIT

PHOENIX, Oct. 17.—That the law is unconstitutional and that it would force an unreasonable conflict with the rights of a corporation to conduct its business, were reasons given by Judge Wm. W. Morrow of the federal court this morning for making permanent the temporary injunction of the Copper Queen Mining Company against the state corporation commission and the Attorney General. There will be no appeal.

Judge Morrow spoke the decision of himself, with Judges Van Fleet and Sawtelle concurring, and the order, to be drawn up by the attorneys for the complaining corporation, will be signed by the judges.

Judge Morrow said among other things that if the law should stand, it would prevent the company from ever going into bankruptcy, or litigating a patent, or taking any legal action that might require federal jurisdiction. The statute under which the state sought to revoke the charter of the company says that it shall be unlawful for a corporation to take an action from a state to a federal court, under certain circumstances. The suit was in no manner a fight, but was merely to decide once and for all whether the law was constitutional or not.

## BRITISH WON'T APPEAL CASE OF U-53 TO U. S.

LONDON, Oct. 17.—The British government will not make any official representations to the United States concerning the German submarine U-53 pending an announcement of its attitude by the American government, said Viscount Grey, secretary of state of foreign affairs in the House of Lords today.

## HUGHES' REPLY TO HECKLERS WINS FAVOR IN IOWA

**Says There Was No Excuse  
for Delaying Railway Issue  
Till Crisis Forced Passage  
of Adamson Bill.**

## REFUTES CHARGE OF INVISIBLE GOVERNMENT

**Lets Everybody Ask Questions  
and Answers Them All as  
Crowd Cheers and Offers to  
Throw Out Hecklers.**

(By Review Leased Wire)  
SIOUX CITY, Ia., Oct. 17.—Charles E. Hughes, facing a friendly audience sprinkled with hecklers, tonight replied in answer to a question as to whether he would repeal the Adamson law if elected president that "a surrender could not be repeated."

Mr. Hughes was asked what he would have done to avoid the threatened railroad strike.

"If arbitration had been refused," Mr. Hughes said, "I should have gone right to the American people, stating the facts and put the responsibility where it belonged."

**Delay Was Fatal**  
Mr. Hughes continued, "have secured a commission of inquiry so impartial, so fair as to command the respect of the entire country and directing public opinion to that end that there is no group of men in the United States that would have dared hold up the instrumentalities of commerce if that were done."

The heckler still had another question to ask.

"Mr. Hughes," he said, "any question that is asked here is asked with no enmity toward the candidate of the Republican party. You would have done all that within twenty four hours?"

**Actish Urged Early**  
"Why, sir," the nominee replied, "the business men of the United States through the interstate commerce commission of the United States on July 9, sent a telegram to the President asking for an inquiry. A resolution was introduced in the senate for an inquiry and was laid on the table. For months the business men of the United States asked for an inquiry as to this very matter and the crisis was allowed to be developed when it was unnecessary that it should have been developed and there was adequate time to ascertain what the facts were."

**Hughes Answers All**  
The heckling was attended by the utmost confusion. The audience, which had cheered and applauded loudly in the earlier parts of Mr. Hughes' address apparently was incensed at the interruptions and there were many cries of "put him out," "sit down" and "shut up." At the nominee replied to each question the crowd cheered its approval. It was necessary after each interruption for Mr. Hughes to step forward and request that the heckler be allowed to proceed.

Mr. Hughes cited his record as life insurance investigator and as Governor of New York in answer to the declaration that his election might mean the setting up of "invisible government" in the United States.

A man with a big stick in the gallery sought to heckle the nominee on labor affairs. He asked a question that apparently was misunderstood in the confusion and Mr. Hughes, amid a roar of applause, read what the Legislative News, the official organ of organized labor, had to say in praise of his record as governor. When the applause died, the man arose again. The crowd would have put him out and for more than a minute the audience was a tumult of confusion.

Mr. Hughes, with outstretched hand (Continued on Page 2)

## FIRE CLAIMS SEVEN IN NEW YORK FACTORY

**Two More Are Believed Lost  
at Dye Plant Where Work-  
ers Are Caught With No  
Means of Escape.**

**CHARRED BODIES  
TELL OF TRAGEDY**

**Electrician Drops Ladder on  
Chemicals Which Burst Into  
Flames; Gases May Have  
Suffocated Victims.**

(By Review Leased Wire)  
NEW YORK, Oct. 17.—Seven persons were burned to death and two others who are missing are feared to have lost their lives in a fire which destroyed two factories in the manufacturing section of Queensborough late today with a material loss estimated at \$250,000.

The charred bodies were not found until the flames had been extinguished and firemen were pouring water into the ruins of the building.

Two Still Missing.  
Search is being made tonight for two persons still missing, but it is believed they perished. All those burned were employed in the plant of the Oakes Dye Manufacturing Company, where the flames started.

**The Knock Dead.**  
Harry C. Cook, 42 years old, married, treasurer of the Oakes company. Frederick Crisman, 35, married, head bookkeeper of the company. Robert Vogel, 50, married, assistant bookkeeper.

Miss Emily Kiensel, 22, bookkeeper. Miss Dauphemann, 20, bookkeeper. Miss E. Faurnmann, 20, stenographer. Miss Gears, 20, stenographer.

**Trapped Like Flies.**  
The fire started among chemicals on the first floor of the Oakes building and spread with such rapidity that the office force was trapped on the second floor.

In addition to the office building, five one-story storage buildings of the Oakes company were destroyed. From these the fire spread to the Astoria Veneer Mill and Lumber Yard, where many thousands of feet of lumber was destroyed.

**Chemical Ignites.**  
The police have learned that an electrician at work on the first floor making repairs to the electric light fixtures, dropped a ladder which struck a jar of chemicals that burst into flames.

There were six young women and the men on the second floor when the fire began. Not one of them has been seen since. A stairway lead from the upper floor to the first floor on the inside of the building and there were also two fire-escapes and steel stairways on the outside.

**Suffocated by Flames.**  
Half a dozen windows were located close to where the young women were at work and it would have been a drop of only 16 feet to the street. The authorities believe the employees were suffocated by chemical fumes and were unable to attempt escape.

## CHICAGO MAYOR IS WITNESS AT TRIAL OF POLICE CHIEF

**Relates His Part in Granting  
of Saloon Licenses—Chief  
Is Accused of Taking Trib-  
ute from "Stingerees."**

(By Review Leased Wire)  
CHICAGO, Oct. 17.—Mayor Thompson testified today that he was guided largely by the recommendations of Chief of Police Charles C. Healy in revoking and in restoring saloon licenses.  
Restorations, however, he said, were usually backed up by the pleas of "respectable citizens, influential business men and even ministers."  
This testimony formed the basis of a lot of sarcasm on the part of Henry Berger, an assistant state's attorney. Mr. Berger produced records from the offices of the mayor and the chief of (Continued on Page Five.)
